

Actions and outputs

Finnish local actions

- Preparing research cooperation with local university, determining the "needs for the IYW in the area" creating a method to be repeated elsewhere too later
- Projects already used in some centres replicated to other youth centres
- School tour in the regions
- Global village happening - linking our actions to the theme
- International team meetings (Skype) over the umbrella network (SNK)
- Advisory board meetings in regions for people interested in international youth work (youth workers, teachers, parents and more...)
- Reaching outreach youth work, finding new ways of cooperation for supporting their young people
- Sending EVS, YE, and many other projects at the same time
